Criterion: IV – Infrastructure and Learning Resources
IT Infrastructure
Metric: 4.3.3 – In-house Software for E Voting
Year: 2018-2023

Department of Computer Science, St.Mary's College(Autonomous), Thoothukudi developed an application software (E-Vote) to conduct Students Council Office Bearers election digitally. From the academic year 2012-2013 this digitised voting method is in use. For the academic year 2019-2020 the E-Vote application is developed using DOTNET technology. It is user friendly and error free. Each and every candidate is given a unique id. This application helps in conducting the election process hassle free. It is faster and administrators are able to declare the results without any delay.
