4.3.1. Institution frequently updates its IT facilities and provides sufficient band width for internet connection

ERP Interface

SMC ERP portal organizes, monitors, and simplifies the administrative procedures and closes a critical communication gap between administrators, teachers and students. The ERP portal is a centralized system which manages all the operations of the college like student admission, academics, timetable, online registration, online fee collection, feedback, online quiz, grievance, payroll, grievance, library, SMS and Email. The Controller of Examination monitors exam registration, exam in-charge, semester mark updation, consolidated mark sheet, practical foil card and exam timetable.
