ERP Interface

SMC ERP portal organizes, monitors, and simplifies the administrative procedures and closes a critical communication gap between administrators, teachers and students. The ERP portal is a centralized system which manages all the operations of the college like student admission, academics, timetable, online registration, online fee collection, feedback, online quiz, grievance, payroll, grievance, library, SMS and Email.

The students attend CIA online quiz through ERP. The students fill feedback about faculty, curriculum and satisfaction survey. The students pay fee through ERP portal. NME course is opted through NME portal. The question bank and Econtent is uploaded in the ERP by the concern staff. The hall ticket for end semester is downloaded.

The faculty members update the profile by updating seminar organised, seminar attended, paper publications and book publications. The online quiz questions for CIA are uploaded and it can be previewed by the respective staff. The Internal Assessment Mark are uploaded in the ERP portal. The question bank and Econtent videos are directly uploaded by the concerned staff.
