Certificate Course on Classical Dance

Course Code: 22CUCD11

Academic Year 2022-23

"Indian classical dance is a divine form of expression, where every movement tells a story, and every gesture conveys deep emotions."

Duration: 30 hours

Aim

To enhance the mode of expression of inner feelings, helping to develop self-belief and self-confidence. Since Indian classical dance is based on mythology, it teaches children the value of the rich literary and cultural heritage of India.

Benefits

Through Dance students express, question and celebrate human experience, using the body as the instrument and movement as the medium for personal, social, emotional, spiritual and physical communication.

Learning Objectives:

1. To teach the foundational techniques, postures, footwork, and movements specific to folk
2. To develop skills in expression and storytelling, understanding how gestures, facial expressions, and body language convey emotions and narratives in dance
3. To explore creativity within structured dance forms, guiding them to improvise while respecting the rules and aesthetics of each dance style
4. To familiarize the significance of costumes, props, and aesthetics in dance performances, including their symbolic meanings

Course Outcomes	Upon completion of this course, students will be able to	Knowledge Level
CO1	learn the terminology, theory, and historical background of classical dance styles, including the key elements and principles	K1
CO2	develop mental and physical discipline, stamina, and flexibility essential for performing classical dance routines.	K2
CO3	cultivate performance skills through regular practice and receive constructive critique, allowing them to refine their technique and expressiveness in classical dance.	K3
CO4	learn to interpret and perform traditional stories, emotions, and characters within classical dance forms.	K4
CO5	demonstrate proficiency in classical dance techniques, with a focus on posture, balance, hand gestures, and facial expressions	K5

Report of the Certificate Course 2022-2023

Department of English (SSC)

III B.A. English Literature

English Proficiency for Competitive Exams

The English Proficiency for Competitive Exams helps the student to enhance their knowledge and skills relevant to their field of studies and it also helps in implementation of their career. The course is scheduled for thirty hours. The syllabus is divided into five units.

The class commenced on 01 August 2022, there were a total of 39 students from III B.A. English Literature who participated in this programme. The final class was on 29 September 2022.

The class was conducted on working days in the afternoon for two hours. During the classes the instructor (Ms.S.Jebarathinam Nancy Juliet) created awareness to the students about the various career opportunities. The students took part in various activities and they also shared their opinions and discussions were made on their queries.

Various assessments were conducted based upon their syllabus to test the knowledge gained by the students. The students performed well in the exams and certificates were issued according to their Grade levels and percentage of their attendance. At the end of the course, we received a positive feedback from the students.

Report

An in-house training in 'Basic Skills in Biological Sciences' for the undergraduate students of the St. Mary's College (Autonomous), Thoothukudi, was organized by the Department of Zoology between 19.12.22 to 22.12.22. Hands on training on various techniques that are included in the syllabus was taught to the students by the faculty of Department of Zoology. The training was focused on giving practical exposure to the theoretical aspects included in the syllabus, that are not included in the practicals. The students were divided into groups and were allowed to perform the experiments. Each student was given an opportunity to handle the experiments

During the training session for I B.Sc Botany students, were imparted hands-on training on various laboratory techniques and equipments. They were given training on analysis of urine, and usage of various lab instruments like stethoscope and sphygmomanometer. They were trained to identify blood groups A, B, AB, O & Rh factor. With the aid of urine analyzer, qualitative components such as leukocyte, urobilinogen, ketones, nitrites, bilirubin, protein, pH and specific gravity of sample were analyzed. They were also trained on counting RBC and WBC. The main outcome of this in house training programme was that, the students were able to enhance their mastery in practical skills in collecting and analyzing biological specimens and other substances. The instructors of the programme Dr. Jemma Hermelin Jesy Diaz, Dr.M.Paripooranaselvi and Dr.P.Subavathy imparted training to the students. Totally 33 students were benefitted out through this in house training programme.

An In house Training programme was conducted for the III B.Sc Zoology of St.Mary's College (Autonomous), Thoothukudi on 21.12.2022 under Star college scheme. Students were trained to observe and measure the diameter of the cell through ultra microscope. They were explained about the principle and applications of the phase contrast microscope. Students visualized the movement of live cell with the help of the phase contrast microscope. Students were also given training on counting the bacterial colonies using colony counter. The objective of this in house training programme is to enhance the practical skills of the students by giving additional training and convert theoretical learning into practical experience. Dr. Jemma Hermelin Jesy Diaz, Dr.M.Paripooranaselvi and Dr.P. Subavathy gave training to the students. 36 students were benefitted through this in house training programme.

One day in house training programme for II B.Sc Zoology students was conducted on 22nd December 2022. The students were trained on using Stethoscope, Sphgmomanometer and haemoglobinometer. Since the students are learning Clinical Laboratory Technology as Skill based elective subject, the in house training programme was arranged to learn the utility and the applications of these clinical instruments. Their practical skills were improved. the students learnt to analyze their urine sample and to identify their blood groups A, B, AB, O & Rh factor. Qualitative components such as leukocyte, urobilinogen, ketones, nitrites, bilirubin, protein, pH and specific gravity of sample were analyzed with the support of urine analyzer. Haemoglobin was estimated using Haemoglobinometer. The instructors of this programme were Dr.Jemma Hermelin Jesy Diaz, Dr.M.Paripooranaselvi and Dr.P.Subavathy who helped the students to enhance their skills. Totally 37 students were benefitted through this in-house training programme.

Hands on training on various Biotechnology experiments that are included in the syllabus of II B.Sc. Zoology students of the Non-Major Elective, was taught to the students by Dr.R. Sri Priya, Assistant Professor of Zoology, Thoothukudi on 20.12.22. The students were explained about the principle and protocol of the experiments. They were divided into groups and were allowed to perform the experiments. Each student was given an opportunity to handle the experiments. The students were given training on DNA isolation, Agarose gel electrophoresis and SDS PAGE. They were allowed to prepare the cultures for the experiments. They were made to process the samples and load the gel. The experiments were performed under the standard conditions and the students observed the results of each experiment and were made to interpret the results. 40 Students were benefitted.

- **Report**

The Department of Physics organised a three day in-house training from 19.12.2022 to 22.12.2022 for all UG physics students. This training was held as three day session for I, II and III year students.

The first day session on 19.12.2022 was held for II year students on the topics:

- Absolute determination of μ and B_H
- BG- figure of merit for charge

The second day session on 20.12.2022 was held for I year students on the topics:

- Newton's ring method
- Rigidity Modulus – Torsional Pendulum

The third day session on 22.12.2022 was held for III year students on the topics:

- Multiplexer and Demultiplexer
- Serial in Parallel out Shift Register

In every session the students were divided into two groups to work on the training session. The session was fruitful and understandable. The three day in-house training was an enriching experience for the students.

➤ Report

The Department of Computer Science both UG and PG jointly organised a One Day Training Programme on "Enhancing Your Ability" on 17-11-2022 at 10.00 a.m. in Star Hall. Mr. S. Arockia Charles Senior Aptitude Trainer, Innovative HR & Training Service, Coimbatore, was the resource person. The meeting started with a prayer song followed by the welcome address & resource person introduction. The resource person began the session by telling his own life story as an example. The students learned about the various government exams and job opportunities in government sectors for computer science students. He shared a few shortcuts and tricks for passing competitive exams. He also explained how to manage time and pass exams. The PG students and final year UG students of Computer Science found it extremely useful in deciding on a career. Finally, the feedback session was held, followed by a vote of thanks.
