Career Oriented Programme

Report

The Department of Mathematics organized a Career-Oriented Programme on Desktop Publishing for III B.Sc. Mathematics for the academic year 2022-2023. The programme commenced on 2nd August 2022 with the aim of equipping students with essential skills in graphic design, layout, and publishing using software. The programme spanned over 40 hours, concluding on 16th November 2022 with afternoon sessions conducted out of regular class hours to accommodate participants' schedules. The programme curriculum was meticulously designed to cover fundamental concepts and advanced techniques in desktop publishing. The sessions facilitated flexible learning opportunities, enabling participants to balance their professional commitments with skill development. As participants embark on their careers, they are equipped with the necessary tools to excel in the dynamic field of desktop publishing. Totally, 38 students were the beneficiaries.

ABOUT THE COLLEGE

St. Mary's college (Autonomous), a premier institution of higher education, founded by the Congregation of Mother of Sorrows in the year 1948, plays a significant role in shaping the destiny of innumerable young women in and around Thoothukudi District. With a proud legacy of 74 years, the college has excelled in every discipline keeping in pace with the global trends in the academia. The strong back up of committed service rendered by the teaching faculty and supportive staff has brought many laurels to the institution. Quality initiative, Quality sustenance and Quality enhancement are the keywords of every activity. The B.Sc. Botany course was started in 1957 and M.Sc. Botany during 1972. The department was converted into research department during 2000. The Research Centre is funded by DST-FIST, to enhance the existing infrastructure, provide a conducive atmosphere for the promotion of research activities.

About DBT STAR College Scheme

Star College Scheme has been initiated by Department of Biotechnology (DBT) in 2008 to support colleges and universities offering undergraduate education to improve science teaching across the country. DBT identifies colleges with ambition and potential for excellence and provide academic and physical infrastructure for achieving excellence in teaching and unique exposure of students to experimental science. Department has supported around 200 undergraduate colleges across the country in the past 9 years.

Star College scheme was sanctioned in March 2019. Four departments of the college namely Physics, Chemistry, Botany and Zoology have been recommended by the Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India, New Delhi, to receive financial assistance under the Star College Scheme.

ABOUT THE WEBINAR

The scope of microbiology has broadened tremendously over the last decades. Microbial technology has found its place in several branches of production including food, chemical, agriculture and pharmacology. Owing to their unique characters they are being exploited for beneficial activities. Moreover Microbial engineering spawns impressive yields that satisfies the customer's needs as they are deemed "natural". This current accelerated phase in the enhancement of microbiology is the main focus of this seminar. We hope this seminar will enable the participants to be concious of the latest technology in this field and motivate them to use the microbial system to the fullest extent.

➢ Report

An internal training programme on Taxonomy of Angiosperms and herbarium techniques offered by the Marian Star Centre, Department of Botany, sponsored by the Department of Biotechnology under the Star College Program in New Delhi was conducted on December 21, 2022, in the Botany Laboratory. This programme was directed by Dr. F. Dayana Lobo, Assistant Professor of Botany at St. Mary's College (Autonomous). In her introductory speech, Dr. F. Dayana Lobo discussed about plant taxonomy. 38 students from the II B. Sc. Zoology department collected 108 different plants from the college campus, scanned them, and then preserved them for the herbarium. Using Gamble's Flora of Presidency of Madras, the plants were identified. Through this initiative, 38 students were benefitted.

The Association Meeting for the Department of Economics was held on 02. 09.2022 through online platform on the topic **"Recent Trends in Indian Economy"**. Dr. R. Suresh, Assistant Professor, Department of Economics and Rural Development, Alagappa University, Karaikudi was the resource person. The meeting started with a short prayer. Ms. Ishwarya of I B.A. Economics welcomed the gathering. Ms. Angel Jeba of III B.A. Economics introduced the

chief guest. The Association Meeting minutes was read by Ms. Maheswari of III B.A. Economics. While addressing the participants, the resource person threw light on various aspects related to the recent trends in Indian Economy. In his address he highlighted the severe consequences Indian Economy has been facing due to Corona Virus that included a significant slowing in sales growth, a decrease in the production of vital goods and disruptions in the supply chain. He expressed his opinion that Indian politicians should take steps to help the country's economy recover from a coronavirus outbreak, such as lowering energy prices, fuel costs, gas prices and easing redundancies for both small and large businesses. The participants clarified their doubts at the end of the session and the meeting was very fruitful. There were nearly 70 participants that comprised of the faculties and students from the Department of Economics inside the institution and also participants from other institution from different parts of India. Ms. Rizwana of I B.A Economics proposed the Vote of thanks.

Economic Growth

The expansion of production possibilities and increase the standard of living is called **economic growth**

Two key factors influence economic growth:

- Technological change
- Capital accumulation

1. **Technological change:** enhance productivity, time management, improved cost management and better security.

2. **Capital accumulation:** the growth of capital resources, which includes *human capital*.

- 61% of managers believe that information is overloaded.
- 80% of mangers believe the situation will get worse.
- Over 50% of mangers ignores data in current decision making process.

Digital Transformation and Data

The organization will have the opportunity to:

- Gain insights into daily business operations
    - local and global market trends
    - customer history and behavior
    - existing products and services
- Discover opportunities to introduce new products and services
- Enable the systems to learn from historical data to produce improved analysis results
