➤ **Online Education**

Students were encouraged to take MOOCs through SWAYAM -NPTEL portal and their credits are transferred. Out of the 96 UG students who passed the NPTEL Exams in the academic year 2021-22, 44 UG students received 'Elite' Certificate and 18 UG students received 'Elite Silver' Certificates. Out of the 105 PG students who passed the NPTEL Exams in the academic year 2021-22, 55 PG students received 'Elite' certificates and 21 PG students received 'Elite Silver' certificates and 8 students received 'Elite Gold' certificates. Ms. M. Apshan, III BA English Literature won the "Topper of Top 5%" award from SWAYAM-NPTEL for the online course "Short Fiction in Indian Literature." The SPOC received the 'Active SPOC Award' from NPTEL for the year 2021. The institution is recognised as the 'Active Local Chapter by the NPTEL. After the pass, both the UG and the PG students were given additional credits. Thus, online education and blended learning were assisted by the institution to fulfil the ambitions of the students. Online education was adhered for teaching and learning by both the faculty and the students. Digitalisation played a vital role in the academic world and through electronic gadgets. It revolutionised the life of mankind. Google Meet, Google classrooms, Zoom platform and Microsoft Teams were highly utilized by the faculty and students as it was user friendly for the freshers of the digital era. Google Meet was

opted, and the faculty scheduled their class time with the integrated Google Calendar according to their timetable. They prepared power-point presentations and cited E-resources, videos and created e content to enhance their academic progression. Google Classrooms were created for every course by the faculty, and they gave e-assignments, study materials and e-quiz to check the individual progression of the students. Online attendance was documented, and due attention was given for both the teaching and the learning process. Online digital platform provided a new perspective in the educational field in the toughest times of the pandemic. High quality video availability enhanced the learning experience of the virtual classroom which motivated the students to be present in the class. Thus, thus the online teaching platforms and the online teaching tools assisted the students to connect, to create and to collaborate the educational activities of the institution. Digital connectivity connected the academic professionals through webinars and provided wide exposure to the students to ensure their academic progression.
