

Foreword

St. Mary's College for Women has pioneered in educating the young women in the coastal town of Thoothukudi since 1948. It has upheld values and integrated them in all its system of functioning. Great administrators and teachers have left a legacy of footprints for generations of students to grow and emulate. They have contributed immensely to the magnificent stature it is now today. Education here has been student centred, focussing on empowerment and economic independence. An all round holistic growth with knowledge, skill, creative talent and potentials are harnessed and promoted.

Annals of the institution's history underscore the academic repute and significance as a renowned institution. The marginalised and minority women have gained respectability down the years. At this context we are aware of the need for guidelines and principles to regulate the system of functioning of this prestigious institution. Policies have been drafted earlier and have been amended keeping in view the changes and needs of higher education.

As a Servite institution, the vision, mission and working principle of St. Mary's college is fore-grounded with the Servite education mission. The policy drafted at present lays the institutional functionary framework from the apex to the lowest body. It has chartered the core values, responsibilities of every Marian, code of conduct, policies regarding admissions, appointments, research and other essential requirements as per the prerequisites of UGC, NAAC and University. We trust the policy for St. Mary's will serve the purpose of reference, regulation and redefining the cult of ethical and moral behaviour as responsible educationists. Let this venture be to the greater Glory of God and Mother Mary!

The Servite Vision and Educational Mission

The Congregation of Mother of Sorrows, Servants of Mary is an Indian Catholic Religious Congregation working in 150 communities in India, Myanmar, Italy, Philippines and Australia. The Servite sisters run and serve in schools, colleges, social service centres, schools for visually challenged, hearing impaired, HIV, Leprosy and General Hospitals.

The Congregation was founded by five enlightened young women in the year 1854 at a time, when women were kept in the confines of their homes. They visualized a society of women which can stand on its own. Having Mary Mother of Jesus who stood at the foot of the cross as a role model and “compassion” as their charism, they realized that education forms the basis for the empowerment of women. Thus began the educational ministry of Servite sisters. Since then, the Congregation has taken the role of torch-bearers in many apostolates especially through the education ministry.

Servite Ministry of Education

“Education for social transformation” is the aim of Servite educational apostolate. The Servites strongly believe that the gift of the spirit to the church and to the world through the congregation is compassionate involvement with the powerless particularly women and children, which is manifested in the life of Jesus Christ. It is understood as the confluence of three elements:

- To suffer with those in suffering
- To unite and be with them, in their struggles in life
- To work for their liberation in solidarity

Qualities Needed to Realize the Servite Vision in Mission

- Spiritual Experience
- Integrated Spiritual Life
- Convictions for Human Values
- Commitment Towards Duty
- Moral Uprightness and Integrity
- Ethics and Dignity
- Ecological and Cosmic Concern
- Compassionate to the Needs of Others
- Synthesize Emotion and Thought
- Acceptance of Self and the Other
- Fraternity and Sacrifice

Need for Liberative Education

The basic foundational philosophy of the present education system undergoes changes due to globalization. The existence of the Indian Universities, Arts and Science Colleges is threatened and the culture and identities of the nation are questioned by the entry of foreign universities and on-line education system. Neither the privatization process nor the on-line education protects the welfare of the marginalized sections. An educational system that would integrate culture, human values and identity is imperative. 'The woman' of this land has been treated unfairly. Her place in the society has never been at par with man. She has limited rights and freedom. Higher education alone can provide a passage from slavery to freedom and from ignorance to light.

This prophetic nature of the educational system blossoms forth in our preferential and prioritized option for the poor and marginalized. It is an on-going dialogue. The congregation aims at an integrated personality and total transformation contributing to the well being of the humanity. Its mission therefore is not only to be efficient, but also effective catholic educators. The desired outcome will bring out a social transformation, which will carve young women, as icons of women's liberation through meaningful education. St. Mary's College, is the offshoot of such a vision of the Servite pioneers!

Journey of St. Mary's College

The Servite education mission of higher education for women had its journey embarked with the founding of St. Mary's college in Thoothukudi, on July 1st 1948. Rev.Mother Celine Mary, the then Superior General and her assistant and successor Rev.Mother Euphrasia Mary with the support of Rt. Rev. Francis Tiburtius Roche SJ., the then bishop of Thoothukudi and Rev.Fr.B. S.Soosainather, superintendent of the Thoothukudi diocesan schools began the college in a temporary building at St. Aloysius Girls High School with 21 girls. Ever since its establishment, the visionary principals have steered the institution, in its transitional phases in paths of glory.

St. Mary's college has blossomed as an Autonomous institution and is re-accredited with 'A' grade by NAAC. The coastal town Thoothukudi, which harbours a majority of the marginalized section, deems it fortunate to have their first generation learners educated in this highly reputed institution for women. The rationale of servite education ministry has been incorporated in the vision and mission statements of the college.

Motto : *Fide Vivant – Live by Faith*

Vision : *To make young women agents of an egalitarian society through liberative education*

Mission : *To empower women through regular and non formal courses and to make them economically independent and socially aware so that they make better homes and contribute to family and social progress*

Goals

- To bring more students of the lowest strata to the mainstream of education
- To make young women competent and skilled to compete in the global sphere of education and employment
- To bring out the inner power and potential in young women and channelise them towards social transformation
- To involve the students in community oriented activities thereby enabling them to contribute to national development
- To make them emotionally balanced, morally upright and spiritually integrated

Objectives

- To conduct relevant courses answering to the needs of the changing scenario
- To develop an in-depth knowledge in specific area of study
- To inculcate the quest for research activities
- To help the learner make career choices
- To impart an education that promises an integral growth of knowledge, skills and values
- To enhance the quality of learning by conducting appropriate courses for slow learners
- To provide financial assistance to the economically disadvantaged students
- To empower young women who will in turn carry the message of empowerment and dignity to the society at large
- To sensitize the students about their rights and motivate them to work for their socio, economic and political status
- To promote a composite culture and religious harmony in the campus

St. Mary's college progresses to implement the aforesaid in all its functioning. Fore grounded with this benchmark, it underscores that every Marian should endeavour to offer dedicated service for the success of the institution.

Attributes to be Nurtured

- Make the institution a fertile ground to create dedicated women who are societal conscious
- Teach basic values like truth, love, human dignity, social justice and peace
- Instill courage to break false and aggressive patriarchal ideologies and patterns
- Provide the young women with belief in living and hoping
- Find newer and stronger strategies to strengthen solidarity with the marginalized
- Form networks with like-minded people and liberation movements at all levels
- Open new vistas of new life and have enlarged futuristic vision
- Provide an integral formation and strive for academic excellence

These requirements will further the effective journey of Servite Marians.

Core Values of the Institution

The core values of the institution are centered in the Servite charism 'Compassion', its motto '*Fide Vivant* - Live by Faith' and the belief system of human values and ethics. They are incorporated into all the programmes and activities of the institution.

Commitment	→	Concern	→	Competence
Duty	→	Discipline	→	Dignity
Enlighten	→	Emancipate	→	Empower
Gratitude	→	Guidance	→	Goodwill
Hardwork	→	Happiness	→	Harmony
Teamwork	→	Trustworthiness	→	Transparency

These values guide the internal conduct of the Marians and also help to establish a meaningful relationship with the society.

Servite Policy for St. Mary's College

A commonly evolved and accepted policy becomes imperative, for further effective functioning of the college. The congregation has revised policies and formulated new ones to cater to the felt needs of the society. As the new millennium is going to be the 'Women's Era', with a feminist perspective a policy which is free from patriarchy, communalism, and religious fundamentalism is to be framed. Women need to break the culture of silence and the unjust structures in society. They have to realize their inner strength and feminine power.

The policy has been drafted as a team. A critical analyzes of the demands of UGC, NCERT, NAAC and SCERT were made. The UNO's, CEDA convention towards "Elimination of Violence against Women" and the ideology of women's empowerment, partnership of men and women and eco- feminine values have been taken into consideration. This document will certainly guide the Administration in a more dynamic way, to make young women empowered and be salt and light of the women society.

The journey continues

Governing Body and General Body

The Servites sisters' path in the education ministry has played a vital role in the empowerment of women. "To serve and not to be served" is the stance in the journey of faith. As educating a woman is equivalent to educating a family, only committed persons working as a team with a common vision can implement the noble task. The body of the management supports the institution in its functioning.

The General Body strengthens the Servite education mission at St. Mary's.

Administration Policy

Administrative Leadership involves three basic rudiments— Attitude, Animation and Administration. Official members need transparency in all dealings and accountability. Roles of each should be defined distinct and definitive. There should be decentralization of responsibilities and important work must be discussed before implementation. In making decisions, student centrality and lay partnership is needed. As the Servite spirituality holds, administrators should rise above personal interests and execute the task faithfully and cheerfully.

Significance of Lay Partnership

The Vatican council documents clearly evince the sign that the Church of the new millennium is going to be the church of the laity. The Servite congregation has to see the laity as potential partners, friends and companions in the apostolate and mission. It has to still work, in making the co-operation and partnership with the laity as the constituent element of the Servite mission.

The Management

One of the characteristics of Servite Marian spirituality is the community life with a sense of co-responsibility and service. The Superior General, Provincial with their Council and all the teaching, non-teaching sisters, along with the community members form the management. The educational mission is entrusted to the entire apostolic community. Hence every member of the community has a shared responsibility with regard to the functioning of the institution. The community should be informed of major undertakings and transitions of the college. Everybody must be open to each other's suggestions. It must be a collective discernment and discussion.

Key Role of Administration

Financial Administration

Resource Mobilisation Policy : Procedures of the Institution

Mobilisation and Utilisation of Financial Resources

The institution is known for its credibility and integrity in its functioning since its inception in 1948. In its developmental phases it looks back at the pioneers who laid the foundation for this prestigious institution. The hardships underwent by them in the establishment of the institution and maintaining its status quo is imprinted in the annals of St. Mary's College. Resources play a major role in implementing strategies laid for progress. The strategy laid by the institution makes a vital link between external funding challenges and the continued internal improvements essential to achieve the objectives.

Placing Strategy

Department Requirements

- Heads of the departments need to plan their departmental requirements for the year
- They will have to submit the budget proposal to the Principal/Secretary
- It will include amenities or maintenance that needs to be done
- Minor departmental expenses will be met by faculty contribution
- Department accounts need to be maintained by staff-in-charge
- Expenses of higher denomination will have to be stated to the secretary
- Coordinators of various committees will have to maintain systematic accounts of expenditure incurred during the event/seminars/workshop and submit the same to the Principal
- Coordinators are thus made accountable to the Principal who in turn is accountable to the Management Committee

Placing in Finance Committee

- The financial committee will include and draw the annual budget
- Requirements are to be placed in the committee by the principal
- Deans will have to present the requirements of their schools in the committee
- Budget outlay for administration purpose will be drawn
- The secretary is in charge of discharging funds for utilisation
- Procurator will state the financial status
- Major decisions on financial resources and expenses will be placed in the Management council

Placing in House Council

- Will formulate strategic plan of expenditure to be met
- It will lay out the preamble and plan for the year
- The budget will then be presented in the Management Council
- Matters of priority and reach of dispensation need to be discussed
- Sanctioning will be done by the Superior General/Provincial/ Council the final authority
- Accounts will have to be maintained accurately for accountability

External and Internal Audit

- The institution will have to conduct internal and external audit every year
- The directions of the auditors need to be taken into account

- A certified Chartered Accountant needs to be appointed by the Management for professional auditing
- Accounts of the college are to be maintained and regularly monitored by the administrative staff
- Auditing is to be done by the authorized auditor and the Utilisation Certificate has to be sent to UGC every year

Mobilisation of Funds

- Receive funds from the management
- Fund mobilised from students' fees
- Obtain Grants from governmental organizations like UGC/ DST-FIST
- Faculty need to apply for Research Projects and receive funds for research
- Staff contribution for the institution, student welfare fund given
- Endowments made on behalf of faculty
- Alumnae and well-wishers contribution to meet event/ conference expenses
- Mobilize funds through consultancy

Utilisation Requirements

- Resources need to be properly utilized for the allotted purpose
- Urgent requirements need to be met for the welfare of student community and the institution
- Funds received should move only through proper channels of administration
- Amount collected for the purpose need to be spent for the purpose only
- Using funds at the appropriate time will avert major expenses

Optimal Utilisation

- Fund utilized for maintenance and building infrastructure
- Procurement of lab facilities and learning tools
- Payment of fees and helping the underprivileged students
- Endowment funds used for academic purpose

The institution believes in accountability to the self as accountability to God. The growth of the institution will be a testimony for the proper utilization of resources.

Finance Committee

The finance committee of the college functions under the chairmanship of the Principal as per the UGC guidelines. The Principal and the Secretary are accountable to the Governing body and the General body. All accounts of the institution should be in the name of the Principal/Secretary and not in individual names.

Non-salary Account

The Secretary operates the non-salary account. Though it is a Government audited account, the income for this account comes from the management and other college resources. The grant to be given by the management to this account must be clearly spelt out in the budget. The income from the endowment deposited for the affiliation of courses is credited to the non-salary account. The amount got from the sale of application forms and non-registration fees go into this account. Returnable fees like the Recognition fees and official caution deposits should be credited to the account. The amount spent in the non-salary account but not assessed for grant may be shown as management contribution in the financial statement.

Special Fees Account

The Principal operates the special fees account. As it involves mostly the collection from the students and is audited by the Government, it must be spent according to strict regulations prescribed by the Government. A copy of the students of accounts must be forwarded to the Secretary at the end of every financial year.

Grants from UGC

All grants received from the University Grants Commission are operated by the Principal in accordance with the UGC regulations. A copy of the audited statement of accounts to the UGC should be forwarded to the Secretary. Research grants received from various agencies are operated by the Principal in a separate bank account. A copy of the audited statements of these accounts sent to the various agencies must be given to the Secretary. The Secretary also operates the accounts of the self-financing courses and rentals.

Financial Expenditure

At the beginning of the year, the Principal and Secretary must present the plan of financial expenditure. The management should fix a certain amount of money from the institute for the development of the college.

House Community Council Sanction

The sanction of the house council is necessary to open any other bank account apart from those mentioned so far by the Secretary or the Principal. The superior and the house council should be kept informed of the transaction of all the accounts operated by the Secretary and the Principal. The statement of accounts must be submitted to the house council and the community once in three months.

Endowments

All endowments invested in fixed deposits of the college must be operated in a joint account of the Secretary and the Principal. The interest from these fixed deposits has to be credited. A list of all the endowment fixed deposits of the college must be maintained at the office of the Secretary with updated copies supplied every year to the Superior and the Principal.

Role of Secretary and Principal

The Secretary and the Principal have to work in close collaboration and co-operation, exercising mutual trust and help. The Principal and the Secretary are accountable to the Governing body and General body. The secretary arranges to audit all the non-government audited accounts of the secretary and the Principal and submits the statements of accounts to the house council and the management every year. At the beginning of the academic year, the secretary and the principal will brief the General body on their financial transactions in detail during the previous year and there by proposes for the current year. The secretary is responsible for preparing the financial statement of the college at the end of the financial year and should submit the same to the Joint Director of Collegiate Education within three months. The secretary sanctions loans to the teaching and non-teaching staff of the college after discussing with the principal about the loan application, following fixed norms regarding the loan.

- Strive to strengthen the intellectual and moral life in the community

This code of conduct for students will enable them to achieve standards in learning and living.

Ventures for Institutional Growth

Starting New Programmes

Proposal is to be framed in accordance of the significance of the programme in providing skill, job opportunities and social relevance. Financial viability and availability of infrastructure must be taken into consideration. The principal suggests the proposal to start the new programme in the self supporting system. The proposal must be sent to the Superior General and Provincial for approval. After approval by them, the application could be sent to the university. The process must be initiated early in the month of January, if it is to be implemented in the academic year.

Evaluation

It is important that quality education is imparted through these programmes. There must be an evaluation of these programmes once in three to five years. If they are found wanting in quality education, student strength and competent staff, the management must be ready to wind them up.

Community Development Programmes(CDP-TOUCH)

Adopt to Adapt

The institution can engage students in promoting welfare of the downtrodden through the Community Development Programme – Towards Upliftment and Community Healing (TOUCH), the NSS Units, and the clubs and forums. It can adopt an area to focus outreach activities so that students adapt better to the realities of life. The CDP can lead to the transformation of the college community as well as of the neighborhood. Staff and students must involve in the service of the rural and the semi-urban poor. The extension services will enable to improve the quality of life and living, thus empowering the self and society.

These ventures of the institutions along with the effective functioning of the clubs/forums/cells and committees will endorse the advancement of every student, faculty and individual and contribute to institutional growth.

Concluding Note

The responsibilities to be shouldered are immense and noble. The task that lies ahead is challenging. Administration is the foundation-stone where the majestic institution 'St. Mary's College' is built. So, each one associated with the administration process has to perform their role with utmost sincerity and commitment. The policies framed and the roles mentioned, cover only major essential features to be followed. Minor details may yet depend upon the discretion and conscience of the concerned.

Policies are subject to change with changing times and the rules and regulations governing the state and the nation regarding higher education. The role assigned and functions drafted, only signify the parameters essential for effective functioning of the educational system in St. Mary's College. The policy draft will definitely strengthen the morale, the ethics and build the academic acumen of each individual associated with the institution.

Ideals of Women Empowerment have been held aloft and each note spelt in form in this policy, articulates the inner growth needed for progress. The Servite spirit of integration and commitment will enable each Servite Marian to carry the flame of love, faith and liberty to the very fringes of this semi- urban coastal area.

St. Mary's has always prioritized culture and tradition of the region. A genuine focus of retaining and inculcating the heritage of values has always been behind the key mapping of codes. A continuation of this and amalgamation of right measure of modernization will set the institution as foremost even in the years to come.

Finally, accountability is the most important ingredient of efficiency. So, let the Servite Marian fraternity strive together to empower young women through holistic education, uphold the Servites' values and progress in the mission of Servite Education Ministry. Let the Marian journey continue, living the motto *Fide Vivant* - Live by Faith.
